

## GRUPO 13 – Correcciones Trabajo Práctico: COLAS

### RESULTADO DE LA CORRECCIÓN: **DESAPROBADO**

#### OBSERVACIONES

Exactamente el mismo error que en el TP de Pilas, del cual fueron alertados con anticipación

The screenshot shows a Visual Studio Code editor with a project named 'grupo13facundoamado'. The Explorer panel on the left shows the file structure, including '04-trabajoPractico-Colas' and 'tp\_4\_main.c'. The main editor displays the code for 'tp\_4\_main.c', which includes several header files and defines a function 'crearCola'. The Output panel at the bottom shows the terminal output, which contains two error messages: 'note: each undeclared identifier is reported only once for each function it appears in' and 'error: expected ')' before 'divTotal''. The terminal also shows the compilation command and the resulting error messages. The status bar at the bottom indicates the file is 'tp\_4\_main.c' and the terminal process failed to launch.

```
04-trabajoPractico-Colas > C tp_4_main.c > ...
1 #include <stdio.h>
2 #include <ctype.h>
3 #include <stdlib.h>
4 #include <stdbool.h>
5 #include <string.h>
6 #include <math.h>
7 #include "../libs/tipoElemento/headers/tipo_elemento.h"
8 #include "../libs/cola/headers/colas.h"
9 #include "../libs/cola/headers/tp_4_colas.h"
10 #include "../libs/pila/headers/pilas.h"
11 #include "../libs/listas/headers/listas.h"
12 #include "../libs/validaciones/FuncionesAuxiliares.h"
13
14 //Punto 2
15 void crearCola(Cola c)
16 {
17     printf("\n\t\t --- Carga de la cola --- \n");
18     int tamano = cargarTamano();
19     cargarCola(c, tamano);
20 }
